

MANAGED SERVICES

XCLUTEL provides customized telecommunication and network services that empower SMBs while protecting them from technical vulnerabilities. Founded in response to a need for a more customer-focused telecommunications provider, XCLUTEL brings a level of responsiveness, expertise and partnership not commonly seen from telecommunications providers.

MULTIPLE SERVICES. ONE EXCLUSIVE PROVIDER.

XCLUTEL is a single point of contact for all of your company's data and voice connectivity solutions. Our white glove service includes access to our dedicated, responsive service team with all services billed through one, convenient monthly invoice. Discover a better way at Xclutel.com.

“We have received fast, professional responses to any support calls we have made whether it was for minor configuration changes or major outages.”

CONTINUOUS SYSTEM MONITORING

Keep your business humming by monitoring the uptime/downtime of all devices, bandwidth availability and multiple-sites. Under one platform, we monitor multiple firewalls including VoIP/QOS traffic and offer access to real-time reports on network usage.

BUSINESS CONTINUITY

Identify impending network issues before they occur with XCLUTEL. Our systems ensure your business will stay afloat through natural disasters and power outages. Our fixed-price contracts assist with IT budgeting and eliminate surprises.

ACCESSIBLE CUSTOMER SUPPORT

Enjoy our ever-accessible, single point of contact for advice and troubleshooting. We continuously monitor our customer's networks so they can concentrate on their business. Help is available 24/7/365 and is just a call away.
